BARACK OBAMA Wants destroy ISIL terrorists

The US and allies go to war against ISIL

Washington, DC, 12.09.2014, 20:46 Time

USPA NEWS - "We can't erase every trace of evil from the world, and small groups of killers have the capacity to do great harm. That was the case before 9/11, and that remains true today. That's why we must remain vigilant as threats emerge." This is an extract from the speech of the American President.

Who is the ISIL group?

On 10 June, the Islamic State in Iraq and the Levant (ISIL) took control of Mosul, the second largest city in Iraq. The next day was the city of Tikrit, capital of Salaheddin province located 160 kilometers from Baghdad, which fell into the hands of the jihadists EIIL. The EVIL is an organization founded in 2003, during the deployment of American forces on Iraqi territory. The Sunni jihadist group is led by Abu Bakr al-Baghdadi. Source : www.directmatin.fr

Barack Obama explains, "Let's be clear: While this group may call itself the "Islamic State," it is not "Islamic." No religion condones the killing of innocents, and the vast majority of ISIL's victims have been Muslim. Nor is it a "State." It is not recognized by any government, nor by the people it subjugates.

This is nothing but a terrorist organization with no vision or goal other than to slaughter all who stand in its way. While we have not yet detected specific plotting against our homeland, these terrorists have threatened America and our allies. And the United States will meet this threat with strength and resolve". The ISIL group has proclaimed Islamic State of Levant is neither Muslim nor Islamic. That is why the American president is right to point out that the ISIS group is nor a state, nor any belonging to islam, and therefore no legitimacy, in order to avoid any amalgam.

The American president affirms that " We will increase our support to the forces fighting these terrorists on the ground. We will send an additional 475 service members to Iraq to support Iraqi and Kurdish security forces. These American forces will not have a combat mission. But they are needed to support Iraqi and Kurdish forces with training, intelligence, and equipment -- and tonight, I again called on Congress to give our military the additional authorities and resources it needs to train and equip the Syrian opposition fighters ". This come to free the oppressed and attacked both Muslims and Christians, civilians. Source : <http://www.whitehouse.gov/live>

Two weeks ago Barack Obama, who ordered the bombing against the Islamic state in northern Iraq to protect the autonomous Kurdistan, Christian and Yazidi communities from the threat of ISIL, said his country intended to "Pursue a long-term strategy "to fight against the jihadists.

Barack Obama, who ordered the bombing against the Islamic state in northern Iraq to protect the autonomous Kurdistan, Christian and Yazidi communities from the threat of ISIL, said his country intended to "Pursue a long-term strategy "to fight against the jihadists. Foley who was brutally beheaded, has been executed before the camera, and this is just the straw that broke the camel. By disseminating the video filming the beheading of journalist American, James Foley. A Barbaric gesture signed paraLegal and an act of deliberate provocation, targeting America and a message for Barack Obama.

This war reporter was kidnapped (In 2012 in the North Est of Syria pby ISIL) by extremist fanatics ISIL.

The assassination of Foley and the cruelty of its staging suggests that American raids in Iraq have brought severe blows to the Islamic state.

After killing James Foley, the man speaks in an English accent tinged with British, addressing to Barack Obama : "Today the military air force attacked our positions in Iraq. Your strikes have caused losses among Muslims. You do not fight an insurgency: we are an Islamic army and a state that has been accepted by many Muslims worldwide. (...) So, any attempt you, Obama, the right of Muslims to live safely in their caliphate deny will cause a bloodbath of your people. "

The execution of James Foley has not inflected the projected decision of the American administration, who has never attempted negotiations to recover journalists taken hostage in Syria.

Nevertheless, the patience of Barack Obama has been proven even if it was mostly contained by the peaceful approach, from the USA, until savage gesture in this area under high tension. The geopolitical position of northern Iraq surrounded by Syria, Turkey and Iran don't wish to really get more involved to make war in the tinderbox of the Middle East.

Following the last meeting of NATO Wales (September 4, 2014) was an opportunity to mobilize thirty countries around the warring parties against jihad advocated by the coalition ISIL. The group of allies, including France at the top, Germany, the United Kingdom, as well as Arab and Muslim countries. This includes "The Arab world, the Middle East, the Muslim world," in the words of Barack Obama. It will be the role of assisting both militarily (Intelligence and ground intervention) and humanitarian. He reveals by his speech that night, his strategy against the ISIL, which. The American finished with the most crucial point of the solidarity and the responsibility towards the civilians. "The Sunni and Shia Muslims who have borne the brunt of this terror, as well as tens of thousands of Christians and other religious minorities ", as he said. The civilians of Irak, deserve to be helped and saved from the Barabarian terrorists, even if they took refuge in Syria or in the lion's den (Bashr EL Assad El). He finishes afetr implying that a a specific attack against the terrorists could take place in Syria too, if necessary. This intrusion can not be effective without implying an cooperation Bashar Assad, whose ISIL is also his enemy.

"I have the authority to address the threat from ISIL. But I believe we are strongest as a nation when the President and Congress work together. So I welcome congressional action to support this effort in order to show the world that Americans are united in confronting this danger".

The intentions of Barack Obama (Who is the army chief, and therefore does not need the vote of Congress for that decision) has compiled in his end of the speech a strategic plan, in the absence of a clear strategy.
